A six-hundred-year-old secret map could change the fate of all of Siam.

1941. The Second World War is closing in on Siam. **Jiro Kawada**, a Japanese spy, is sent on a secret mission to hunt down **an ancient celadon tile**. Hidden on it is a coded map, the *Seven Lotuses*, the key to a vast deposit of strategic minerals concealed for more than six hundred years.

Synopsis

Phu Klin holds the secret of the tile and can solve the map. But that knowledge makes her a target, both for Japanese agents and for traitors hiding inside Siam itself.

Her only way out is to join forces with **Khun Chai Raeng Phum**, a young aristocrat with a complicated past. He may be the one person who can keep her alive.

From the old cities of Siam, where traces of the past lie hidden, along secret routes that bind together the fates of people across the ages, the two must decode history, race against time, and survive pursuers willing to kill anyone to possess the map.

Amid the danger, mistrust slowly turns into attachment. Yet the closer they come to the truth, the more they discover that **the secret their ancestors gave their lives to protect may not be a treasure at all, but something that should never fall into anyone's hands**.

One map. Two hearts. A six-hundred-year secret. And the fate of Siam hanging by a thread.
